

Forest School Certificate

Certificate of donation for _____

Amount of donation CHF _____

This donation will go towards the Biovision-Project “Forest School in Mpigi”, Uganda.

The overuse and exploitation of forest resources in Mpigi destroy forests and species diversity. This is why Biovision has been supporting the Forest School in Mpigi since 2012. It is possible to treat threatened forests with greater respect if people are aware of their value for water storage, as a climate regulator and as a refuge for medicinal plants.

Our common goal of “Zero Hunger and the Protection of Diversity” plays a central role in this project.
Many thanks for your support!
