

Climate certificate

Donation certificate for _____

Donation amount in CHF _____

This donation will go towards the Biovision project "Policy for Agroecology".

Droughts, depleted soil, disease and pest infestations represent major challenges for smallholder agriculture in sub-Saharan Africa. Biovision raises awareness about sustainable food systems among decision-makers and helps small farmers to combat climate change by adopting agroecological approaches.

Our common goal is to ensure that there is sufficient healthy food for all. Thank you!

Dr Hans Rudolf Herren
President of the Biovision Foundation
